

Delegates Elected To Big Summer Conventions!

Every Summer, NEA holds its Representative Assembly for approximately 10,000 voting delegates. Those delegates vote on everything from the budget (read: dues increase) to Resolutions that represent the belief of the organization. It is a four day meeting that is huge in terms of the number of voting delegates attending, and also huge in terms of the sheer scope of the event. This year, the NEA RA is in Washington D.C. UTW is allowed to send 13 local delegates to the RA, plus our President and Vice President. In addition, some of our members may be able to go as either KNEA Regional or State delegates. Hotel and airfare is provided for elected delegates, plus a small daily stipend for food.

The AFT holds a convention every other year, as opposed to every year like NEA. This Summer is one of the years for an AFT Convention. UTW has elected 13 local delegates to the AFT Convention in Chicago. These delegates will have their airfare and hotel provided, along with a small daily stipend for food.

Notice:

On Monday, March 24, UTW provided a preliminary report of the election results. After canvassing the ballots (checking ballots for errors and voiding incorrectly cast ballots) the final tabulation of the votes resulted in the lists provided in this newsletter. The results are slightly different from the preliminary results because of the voided ballots.

We would like to congratulate every one selected as a delegate and remind everyone that some folks will get to move up on the list because of cancellations or other delegates being elected to State or Regional delegate positions.
